

PERFECTSTOP™

HIGH CARBON ROTORS

The Only True High Carbon Rotor on the Market!

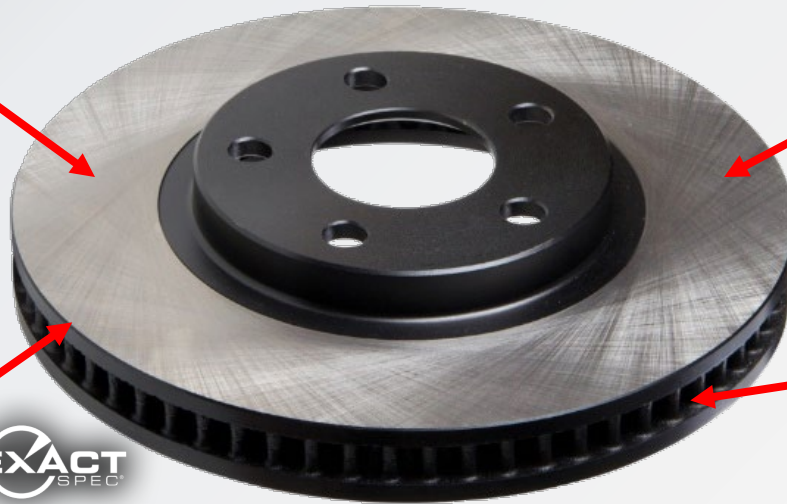

PerfectStop Rotors are Engineered to match OE fit, form, and function to the specifications originally designed for the vehicle! PerfectStop Rotors meet or exceed the industry's strictest safety, performance & physical standards.

Armor-Plate™ Anti-Corrosion Coating

Black Protective Coating on all non-friction surfaces for improved corrosion resistance

Optimal Thermal Conductivity

For high resistance to cracking or fading

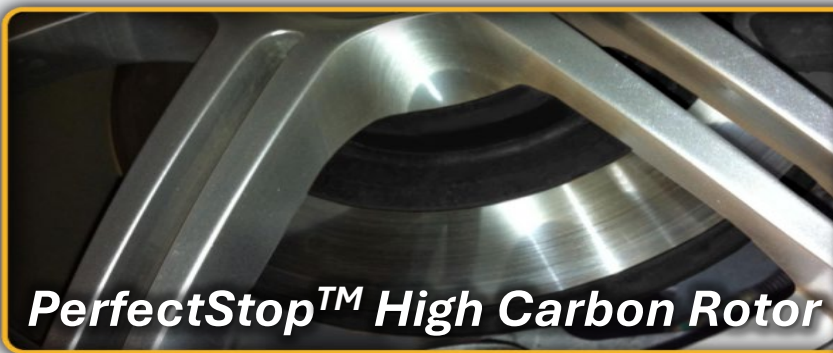

Cross-cut™ Surface Finish

Premium, non-directional "Cross Hatch" surface finish for improved pad seating and break-in

Power-Vent™ Vanes

For improved brake cooling, decreased fade, and smooth braking

PerfectStop™ High Carbon Rotor

- Built to QA standard in ISO-certified facilities
- Meets SAE J431 guidelines for automotive grey iron casting
- Quiet operation and high performance
- Increases life of other breaking components due to faster dissipation
- Higher resistance to face and pulsation

QUALITY-BUILT[®] BRAKE PADS

Best New Pad on the Market!

Quality-Built Brake Pads provide optimized stopping power in all conditions. **Application-specific pad formulas** remove the guesswork from pad selection by providing friction compounds engineered to restore like-new stopping power for every vehicle.

IN STOCK AT ALL LOCATIONS!

\$27.99 for ALL Part Numbers!

PERFECTSTOP[®] Brake Pads

PerfectStop[®] comprehensive friction solution with Exact Spec[®] multilayer shim restores every vehicle to its optimal braking performance and ensures the quietest braking operation.

EXACT[®] BOSCH

- Exact Spec Multi-layer shims.
- Hardware for 99% of vehicles in operation
- Advance Transfer layer technology for optimal braking performance.
- Electronic Wear Sensors included!
- Engineered and made in North America!

New Premium - Full Line

BRAKE PADS

SCAN ME

- **Excellent Quality:** DFC Brakes are engineered to meet or exceed OEM standards, ensuring top-notch performance and safety for your vehicle.
- **Enhanced Stopping Power:** Experience smoother, more responsive braking with DFC's **advanced pad technology** by providing the appropriate friction for each axle of every vehicle.
- **Easy Installation:** Designed for hassle-free installation, **with included hardware**, these brake pads are perfect for the **professional installer**.

POWERSTOP[®]

EVOLUTION^{PLUS} CERAMIC DISC BRAKE PADS WITH HARDWARE

- **Better Braking** - Thermal scorched for a faster break-in as well as chamfered and slotted to ensure noise-free braking.
- **Dependable Performance** - Positive mold technology Delivers consistent wear and performance while the powder coated backing plate resists rust and corrosion.
- **Easy Installation** - Includes premium stainless-steel hardware for hassle free installation.

NEXT GEN

- Next Gen brake pads are a super-premium friction offering for luxury and performance passenger cars.
- Next Gen Euro addresses the noise and dust complaints associated with European vehicles, without sacrificing performance.
- Next Gen brake pads are a super-premium friction offering for luxury and performance passenger cars.
